

Kris Young: User Experience Design    [kris@hybridflight.com](mailto:kris@hybridflight.com)    [www.hybridflight.com/ux](http://www.hybridflight.com/ux)

I create stories, and find the best way to tell them. Through this methodology, I've defined and designed the UX and UI for web, mobile, and innovative touch/gesture applications. Previously, I created motion graphics for Hollywood, including film trailers, shorts, and music videos.
